**44-21 Douglaston Parkway Douglaston NY 11363**  
**2 sessions; Sunday Sept 22 and Weds. Sept 25 10-4pm**  
**\$130 total**

Join the French artist Jean Luc Decron for an exciting 2 part workshop that will result in a beautiful portrait and a location painting. He will demonstrate painting skills, leaving you with the awe inspiring experience of working with one of France's leading artists. Jean Luc will be offering an additional plein air experience on another day.

An elementary school teacher by trade in his native France, Jean-Luc started his artistic journey through travel journaling. The spontaneity of this technique suited his temperament and allowed him to quickly render landscapes during his frequent travels. Inspired by wife who had been a long standing aquarellist, he deepened and expanded his practice to what it is today. In addition to giving workshops all over France and Europe, Jean-Luc teaches monthly classes. He is known in France and internationally since 2014.

The workshop will be facilitated and translated when necessary by NAL's Anny Lamsifer. For questions or to enroll, please contact Anny at [alamsifer@aol.com](mailto:alamsifer@aol.com) or 347-440-5227.
